

# Dialexia December Reseller Promotion

## Dial-Office DX Communication Server

### Small Business Solution

# Dialexia – Dial-Office IP-PBX

The DX bundles Dial-Office software with an embedded communication server. Dial Office is high-end SIP PBX telephony software that provides advanced features such as call conferencing, unified messaging, detailed CDR, call monitoring and much more.

<b>The DX080 supports 8 extensions</b>			
<b>The DX160 supports 16 extensions</b>			
<b>The DX240 supports 24 extensions</b>			

Pre-configured and pre-tested, the DX IP-PBX Appliances are painless to install, and simple to manage. This solution provides high quality voice and supplies end-users with interactive tools that increase productivity, lower communication costs and enhance customer service.
