

Dialexia Reseller Promotion Dial-Office DX Unified Communications Appliances and Gateways

Dialexia – Dial-Office IP-PBX

The DX080, DX160 and DX 240 bundles Dial-Office software with an embedded communication server. Dial Office is high end SIP PBX telephony software that provides advanced features such as call conferencing, unified messaging, detailed CDR, call monitoring and much more.

The DX080 supports up to 8 extensions and trunks (IP & PSTN)

The DX160 supports up to 16 extensions and trunks (IP & PSTN)

The DX240 supports up to 24 extensions and trunks (IP & PSTN)

Pre-configured and pre-tested, the DX080, DX160 and DX240 are painless to install, and simple to manage. This solution provides high quality voice and supplies end-users with interactive tools that can increase productivity, lower communication costs and enhance customer service
